COVID-19 SAFETY MEASURES

The GBA will always follow governmental regulations including any restrictions due to recent CoVid-19 developments. Please check your emails before leaving to the tournament as decisions might need to be taken on short notice.

However, we are hopeful that the tournament can take place as planned. As precautionary measures we kindly ask you to understand that we will need to note down every participant's and spectator's full name and telephone number and will do a body temperature check at the entrance.

We appreciate your full cooperation in these unprecedented times.
